

## Fraud and Corruption Control Plan

**Version:** 1.0 | **Version effective date:** 25/11/2023

**Supersedes:** Fraud and Corruption Policy and Procedure 2021 V3.

The Fraud and Corruption Control Plan (FCCP) provides a high-level oversight of the Queensland Public Trustee's (QPT) fraud control activities and is divided into 3 key components:

- Prevention – initiatives which prevent fraud and corruption occurring
- Detection – initiatives to detect fraud and corruption when it has occurred
- Response – initiatives to ensure compliance with legislative responsibility.

In consultation with ELT and key fraud control stakeholders across the QPT, a number of metrics and targets against some of these key fraud control activities have been established. The objective for developing these benchmarks is to:

1. Provide assurance to the Audit and Risk Management Committee (ARMC) and the BoM on the effectiveness and efficiency of the fraud and corruption control framework for the QPT.
2. Facilitate development of strategies to strengthen any weaknesses identified.
3. Communicate findings of fraud assurance activities to key fraud and corruption control stakeholders.

The Fraud Control Officer (FCO) will prepare an annual report for ARMC and BOM on the FCCP. The first report will be delivered in September 2024.

Activity	Key Component	Details	Metrics	Target	Contributing Areas	Frequency
<b>Ethical Workforce</b>	Prevention and Detection	<p><b>Culture</b></p> <ol style="list-style-type: none"> <li>1. Executive and Senior Managers support and model a culture of adherence to governance and ethical practice principles.</li> <li>2.
