Message from the CEO

It is my pleasure to present the Public Trustee Annual Report 2020-2021.

We have produced this Annual Report in accordance with the *Financial Accountability Act 2009*, providing information about our financial and corporate performance for 2020-21.

This report demonstrates our commitment to our vision to provide security and peace of mind for Queenslanders. It also outlines our contribution to the Government's objective to back our frontline services, including our role in Queensland's guardianship system.

Our activities in 2020-21 – detailed in this report - were firmly focused on our Customers First Agenda, innovating in how we support and communicate to our customers and ensuring our stakeholders are informed and involved. Our continued transformation to a customer-centric culture was driven by our Customers First Agenda and our Social Responsibility Charter.

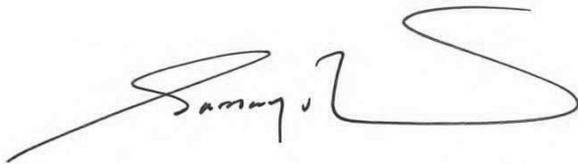

We have appreciated the input and support we received from our strategic partners, including the Public Advocate, as we continue to transform the way we operate. Their advice has been helpful in identifying areas where we can improve our service delivery and our implementation of a range of initiatives, including a comprehensive review of fees and charges.

In 2020-21, our achievements have included:

- Our five-year Strategic Plan 2020 – 2024 was launched in July 2020, outlining our strategic challenges and key opportunities, along with our Social Responsibility Charter and commitment to upholding human rights in our decisions and actions.
- Our Customers First Strategy 2021-2026, released in February 2021, set out our commitment to tangible actions and deliverables to advance the Customers First Agenda over the next 5 years.
- Our first Social Impact Report was delivered in February 2021, measuring our ongoing impact and positive changes achieved for Queenslanders.
- Development of an Easy English package, which focuses on communication that uses everyday words, simple sentences and supporting images, improving the way we engage with our customers and how we provide important information to customers and understand their needs.
- Introduction of a National Redress Scheme Unit to support customers who have experienced institutional child sexual abuse to make a claim through the National Redress Scheme.
- New products for financial management customers including the “tap and go” card and a redesign of financial plans and statements to make them clearer and easier to understand.
- Supporting financial management customers through the Public Trustee's Financial Independence Pathway program to regain control of their finances, with eight individuals achieving independence in 2021.
- Adoption of a Structured Decision-Making Framework, as part of changes to the *Guardianship and Administration and Other Legislation Amendment Act 2019*, which places customers at the heart of decisions that will impact them and their support network.

- Implementing and embedding a Public Trustee Integrity Framework based on honesty, objectivity, ethics and accountability.
- Partnering with the Queensland Law Society in September 2020 to deliver a fully digital campaign, as a response to COVID-19, for Wills Week to raise awareness and community education about will-making and advance life planning.
- Enhancing our complaints management framework to ensure our processes are fair and responsive to the needs of our customers.

In the past 12 months, we have renewed and re-strengthened our focus on service delivery, educating our communities about advance life planning, and protecting older Queenslanders from elder abuse. I am proud of the hard work of our team of Public Trustee employees serving Queenslanders across our 15 regions, in a year when the pandemic continued to make its mark and required us to be ever more agile in how we delivered services.
